## OBJECTIVES

I am a university student in Tandil, focused on everything related to systems. I am looking for a job that will help me fulfill my personal goals and grow professionally. I adapt easily to different roles and learn quickly, so I am open to any opportunity that allows me to advance and achieve my goals.

## EDUCATION

### Personal and Professional Computer Technician

TANDIL - 2019

### Programming Student (TUDAI) | University of Exact Sciences (UNICEN)

EN CURSO - 2024

## EXPERIENCES

### Intern or Internship | GOOU Informática.

ENERO 2019 - DECEMBER 2019

Perform both Software and Hardware Installation tasks. I was in charge of cleaning the computer equipment (Printers, Computers and Notebooks) and maintaining them (changing the thermal paste, lubricating the components, checking if there was nothing burned, etc.).

### Maintenance and Debt Collector | "LA VASCONIA" TOLL.

FEBRUARY 2022 – NOVEMBER 2022 Y JULY 2023 - DECEMBER 2023

In this role, I performed various tasks, including facility cleaning and collection management.

### YPF Service Station

NOVEMBER 2022 - MARCH 2023

In this job position, I carried out various tasks, such as loading and unloading CNG cars, and received training in safety measures due to the risk associated with gases. I was also in charge of the cleaning and maintenance of the entire service station and the management of collections.

### Logistics Operator | ANDREANI

APRIL 2024 - MAY 2024

Expertise in logistics, including loading and unloading of trucks and vans, with a focus on efficiency and safety. Competent in merchandise control and stock management, ensuring accuracy in inventories and correct handling of materials.

## ACTIVITIES

I like to stay active by doing sports, such as swimming and soccer with friends. I enjoy researching and programming to automate or improve processes. I have a B2 level of English and completed three certified courses on the Udemy course platform on Python, Java, and web development. In addition, I have a solid knowledge of Microsoft products.
